BANKER IS INDICTED

JOHN R. WALSH OF CHICAGO AC-
CUSED OF MISAPPLYING THE
BANK'S FUNDS.

BONDS OF DOUBTFUL VALUE

ALLEGED TO HAVE BEEN TURNED
INTO THE BANK AT A LARGE
PROFIT TO WALSH.

Chicago, Jan. 21.—John R. Walsh, former president of the Chicago National bank, which was closed by the government Dec. 16, 1905, was formally indicted by the federal grand jury here on the charge of misapplying the funds of the bank.

The indictment, which contains 182 counts, is based upon twenty-two transactions in "memorandum" notes which the government officials declare to be fraudulent upon thirteen sales of bonds to the bank, it being claimed that these bonds were unmarketable and of doubtful value and upon fifty-one payments of the money derived from these transactions. The money derived from the operations, was, it is charged in the indictment, placed by Walsh to the credit of his personal account in the bank and used by him in aiding outside enterprises with which he was connected.

The "memorandum" notes have a total face value of \$2,090,000, fourteen of them being for \$92,000 each, six for \$97,000 each and two for \$100,000 each. They were discounted between Jan. 21, 1904, and Feb. 15, 1905, and the total proceeds of \$2,038,176 were used, the indictment charges, by Mr. Walsh personally. It is also claimed that between Jan. 21, 1904, and Feb. 15, 1905, Mr. Walsh paid out an aggregate of \$2,614,377 to his outside interests. This amount was disbursed as follows:

Railroad Companies Got Money.

Southern Indiana Railway company, \$1,315,000; Illinois Southern Railway company, \$375,000; Wisconsin and Michigan Railway company, \$562,000; Equitable Trust company of Chicago, \$292,377; other business enterprises, \$76,000.

It is claimed in the indictment that between April 16, 1904, and Jan. 31, 1905, Walsh on thirteen different occasions sold at exaggerated prices to the bank bonds of the Southern Indiana Railway company, Illinois Southern Railway company, Wisconsin and Michigan Railway company and Mount Olive and Staunton Coal company, amounting to \$822,227.

It is claimed in the indictment that Walsh knowingly borrowed money from the bank on fictitious notes and that he sold to the bank bonds of doubtful value, and that he was therefore guilty of wilful misuse of the funds of the institution.

It was announced by Mr. Walsh's attorneys that they expect to have little difficulty in clearing him when the case comes to trial. They asserted that the basis of any offense defined by the national banking act is criminal intent and that the defense will be that in his entire career Mr. Walsh never did a criminal act or any act with criminal intent.

VICTORY FOR BAILEY.

Texas Assembly Adopts Substitute to Investigation Resolution.

Austin, Tex., Jan. 21.—By a vote of 65 to 55, the remaining vote being represented in absentees and "pairs," the house of the Texas legislature adopted the Kennedy substitute to the Duncan resolution looking to an investigation of United States Senator J. W. Bailey and his connection and associations with the Waters-Pierce Oil company.

The substitute provides that a special committee of seven shall be appointed by the speaker to pass upon any charges preferred against Senator Bailey, and if in the judgment of said committee it becomes necessary to hold sessions at any distant date or point, or summon any special witnesses, they shall have the option of doing so. This substitute was drafted by friends of Senator Bailey, so that its adoption may be looked upon as a Bailey victory.

It was announced on the adjournment that the charges would be preferred against Senator Bailey before this house committee and that he would be given an opportunity of explaining them. The senate and house adopted a joint resolution providing for the election of a United States senator Tuesday.

Fatal Explosion of Coal Oil.

Evansville, Ind., Jan. 21.—By the explosion of a can of coal oil, which she had used to start a kitchen fire, Mrs. Charles Grim was burned to death, her baby was severely burned, Mrs. James Young was fatally burned, and two others received scorched faces and hands.

ALEXIEFF AGAIN IN FAVOR.

Former Russian Viceroy's Star in the Ascendant.

St. Petersburg, Jan. 21.—Dissatisfied with the turn taken in the proposed internal reforms for the navy, Minister of Marine Admiral Birleff has tendered his resignation and is awaiting its acceptance early next week.

The retirement of Admiral Birleff is coincident with the reappearance of the emperor's former viceroy in the Far East, Admiral Alexieff, who, after a season of the deepest imperial displeasure again is in favor and probably will be made president of the commission which is to elaborate the navy reforms. The downfall of Admiral Birleff, who is a bluff sea dog, and who in a most unconventional manner has rebuked delinquent officers regardless of their influence at court, is due largely to the operations of the clique of drawingroom sailors and others who have been opposing any investigation into the scandals of the grand ducal regime.

During the recent conference at Tsarskoe Selo to which Admiral Alexieff and all the other prominent naval officials were summoned this organized clique rallied around the former viceroy and after the temporary victory of Admiral Birleff it succeeded in winning the emperor over to its side.

The return into favor of Admiral Alexieff has brought out most unfavorable comment in the press, even the Novoe Vremya declaring it to be an insult to Russia's sailor dead.

EXTENDS BEYOND SPOKANE.

Scope of Rate Case Not Restricted to That City.

Spokane, Wash., Jan. 21.—In concluding the Spokane end of the hearing in the application of this city for improved freight rates, Interstate Commerce Commissioner Charles A. Prouty ruled that further testimony would be taken in Portland Monday, April 15, and in so ruling said that the case was of such importance that its scope extended far beyond Spokane. He said that every community in the mountain districts of the Western part of the United States from Spokane to the Mexican border was facing practically the same problem. He told of going to Denver next week to hear evidence in cases that were exactly similar.

Commissioner Prouty followed up his remarks by issuing an order that the Northern Pacific, Great Northern and Oregon Railroad and Navigation companies furnish to the commission complete information regarding the number of cars of interstate freight hauled west through Spokane, east through Spokane, and by the Oregon Railroad and Navigation company from the south.

FOUNDATION FOR TEST CASE.

Jap Boy Refused Admittance Into San Francisco School.

San Francisco, Jan. 21.—The foundation for the suit which will test the right of the local board of education to bar children of Japanese parentage from the public schools was laid in the morning when Keiichi Aoki, the ten-year-old son of a bookseller, demanded admittance to the Redding primary school and was refused permission to enter.

Application will now be made by attorneys for the boy to the supreme court for an alternative writ of mandate, and the United States attorney will file in the federal court a bill in equity, the two proceedings to be commenced simultaneously and under the direction of Attorney General Bonaparte.

EPIDEMIC OF SCARLET FEVER.

Many Schools in the Suburbs of Chicago Closed.

Chicago, Jan. 21.—Chicago and vicinity are suffering from an epidemic of scarlet fever. A week ago the disease made its appearance and since then it has become so prevalent that many suburban public schools have been ordered closed by the health officials for an indefinite period. In addition to the cases of scarlet fever diphtheria has made its appearance and is spreading rapidly.

The fever has made its appearance in many localities in Chicago and two of the city schools have been closed. The nearby towns are suffering the most from the disease and a determined effort is being adopted to prevent any further spread of the fever.

GAMBLE'S OPPONENTS BEATEN.

Unable to Force Immediate Investigation in South Dakota.

Pierre, S. D., Jan. 21.—Opponents of Senator Gamble were defeated in both houses of the legislature when they attempted to force through resolutions for an investigation of charges against the congressional delegation prior to the senatorial election next Tuesday. The senate committee on rules made a favorable report for an investigation without specifying the time, but without suspension of the rules final action cannot be had before Tuesday.

By a vote of 25 to 20 the senate adopted an anti-pass bill, with an emergency clause attached.

TO BUNCH INQUIRIES

HOUSE RESOLUTION PROVIDES
FOR INVESTIGATIONS OF AL-
LEGED TRUSTS.

FIRST MUNICIPAL OWNERSHIP
BILL OF THE SESSION PUTS
IN AN APPEARANCE.

St. Paul, Jan. 21.—The resolution for three general investigating committees which was agreed upon Thursday by the owners of the several resolutions which had been introduced for the investigation of various alleged monopolies, ore and timber land deals and taxation, was offered in the house by A. J. Rockne of Zumbrota and laid over on notice of debate by Ambrose Tighe of St. Paul.

The resolution calls for a committee of fifteen, six from the senate and nine from the house, to investigate all alleged trusts and combines covered by past or future resolutions, a committee of four senators and five representatives to investigate the titles and deals in state and other ore and timber lands, and a committee of four senators and five representatives to investigate the taxation of ore and ore lands. An appropriation of \$1,500 for the expenses of the committee is provided.

Senator F. H. Peterson of Moorhead introduced a similar resolution in the senate. Senator Laybourn of Duluth gave notice of debate, and the resolution was laid over.

The house passed the joint memorial to congress asking for an appropriation for a canal to prevent overflows of the Mississippi in Aitkin county.

The first bill in the house this session looking toward municipal ownership made its appearance when E. P. Allen of Minneapolis offered a bill authorizing cities of 50,000 or over to issue bonds for the purchase of gas works for supplying the residents of those cities with gas. The bill authorizes the city councils to issue bonds in sums not to exceed \$2,000,000. The bonds may be in any denomination, but the bill provides that they shall not be for terms of more than sixty years, they shall not be sold for less than their par value and they cannot be voted by less than a two-thirds vote of the city council. It also provides that they shall not exceed 10 per cent of the assessed valuation of the taxable property in the city.

A constitutional amendment to be voted on at the next general election giving the legislature power to make changes in the charter of the city of Minneapolis was proposed by E. P. Allen of Minneapolis in a bill introduced in the house. Minneapolis has never had a home rule charter, and since the adoption of the constitutional amendment permitting cities to adopt home rule charters the legislature has had no power to change the charters of cities.

Another street car fare bill was offered in the house. The bill, introduced by William Brown of St. Paul, provides that between 6 and 8 a. m. and 5 and 7 p. m. the fare shall be 2 cents for one continuous trip with one transfer, as at present.

The bill introduced by A. G. Johnson of St. Paul a few days ago provided for eight tickets for 25 cents, with the present transfer privileges.

Another street car fare bill was offered in the house. The bill, introduced by William Brown of St. Paul, provides that between 6 and 8 a. m. and 5 and 7 p. m. the fare shall be 2 cents for one continuous trip with one transfer, as at present.

The bill introduced by A. G. Johnson of St. Paul a few days ago provided for eight tickets for 25 cents, with the present transfer privileges.

WOULD REMOVE THE LIMIT.

Senate Measure Would Do Away With That on Damage Suits.

The existing limit of \$5,000 for damages for the death of any person will be removed in this state if a bill introduced by Senator John Moonan of Waseca is passed. The bill leaves the amount of damages in such cases to the judgment of the jurors, without any limitation as to amount. The bill provides also that if death is not instantaneous or is preceded by consciousness suffering the personal representatives of such person may, in the action brought under the provisions of this act, in addition to the damages for his death, recover damages for conscious suffering resulting from the same injury.

A bill increasing the gross earnings tax of telephone companies from 3 to 4 per cent was introduced by Senator J. W. Wright of Litchfield. The bill provides for a tax on all earnings of the companies, whether it be on intrastate or interstate business.

A bill introduced by Senator V. B. Seward of Marshall authorizes the regents of the state university to establish and maintain an experiment farm or substation within the territory comprising the counties of Lincoln, Lyon and Yellow Medicine, to contain not less than 320 acres. They are to maintain at or near this experiment substation a school of agriculture.

Senator C. A. Johnson of St. Peter introduced a resolution providing for the expenses of committees appointed to visit the various state institutions.

Great Bargains in Blankets.

If you will stop to think of the high rate of interest these bargains will make you, even should you not need them until next year, we predict that you will be here quite early for first choice. Also remember that we have two months of winter ahead of us.

\$11.75 wool blankets.....	\$8.49	\$7.00 wool blankets.....	\$4.98
\$10.50 wool blankets.....	\$7.98	\$5.59 wool blankets.....	\$4.25
\$9.00 wool blankets.....	\$6.88	\$4.15 wool blankets.....	\$3.39

Bargains in our Bargain Basement

Take notice that the reduction in the basement prices is unusually low when you remember that the regular prices are much below regular values.

\$5.25 wool blankets.....	\$4.39	\$3.25 part. wool blankets	\$2.25
\$4.00 wool blankets.....	\$3.25	\$2.98 part. wool blankets	\$1.98
\$5.00 wool blankets.....	\$3.49	\$1.98 bath robe.....	\$1.25
\$3.75 wool blankets.....	\$2.98	75c 10-4 cotton blankets.....	59c

H. F. Michael Co.

The resolution provides that the chairman of the committee shall pay the expenses of the trip and turn in his voucher for the whole amount of the expenses, which shall then be paid him by a warrant of the state auditor. Senator Johnson stated that heretofore the chairman of such committees had been forced to go to the railroads with a request for a car for the trip and he considered this a humiliating position in which to place a member of the legislature.

OPPOSED TO AMENDMENT.

Senator Foraker Objects to One Offered by Blackburn.

Washington, Jan. 21.—The legal phase of President Roosevelt's discharge of the negro troops was again injected into the controversy in the senate by notice of an amendment to the Foraker compromise resolution which Senator Blackburn said he should press. Senator Foraker, who concluded his argument, at once declared his opposition to the amendment. He discussed the power of the executive, holding that the affair at Brownsville ought to be investigated simply as to the facts and the question of power determined later if it should arise as the result of the inquiry. He reviewed his previous utterances, maintaining the same position in every respect. He replied to arguments which have been made since his first speeches, especially those of Senators Spooner and Knox. He defended the Twenty-fifth infantry, reviewing the "escapades" it is charged, expressing his astonishment that the record furnished the senate by the war department in this particular was not complete and stating that in response to his request it had been supplemented by information which was decidedly favorable to the regiment.

Consideration of the resolution was deferred until Monday at the conclusion of Mr. Foraker's address. Eulogies on the life and character of the late Senator William B. Bates of Tennessee were delivered, after which the senate adjourned as a mark of respect to his memory.

TRIES TO WIPE OUT FAMILY.

Boston Man Shoots His Wife and Child and Himself.

Boston, Jan. 21.—Lewis Pennis, thirty-eight years of age, shot his wife and three-year-old daughter in their home in the West End and then made an effort to commit suicide. Pennis and his wife will probably die. The child was not seriously wounded. The shooting followed a quarrel between Pennis and his wife.

Mother and Son Drowned.

Pittsburg, Jan. 21.—Mrs. Jacob Blakey and her son, Samuel, two years old, were drowned and her husband and another son, William, ten years old, narrowly escaped a similar death while attempting to ford in a buggy East Pike Run, in Washington county near here.

THE DAILY DISPATCH.

By INGERSOLL & WIELAND.

Entered at the post-office at Brainerd, Minn. as second class matter.

SUBSCRIPTION RATES.
One Month,Forty Cents
One Year Strictly in Advance.....Four Dollars

TUESDAY, JANUARY 22, 1907.

Windows Open Tonight

The carriers' windows at the postoffice will be open tonight from 7 until 8 o'clock provided the mail arrives before that time. No mail was received this morning at the postoffice and the train from the south is from four to five hours late, which means that no mail can be delivered by carrier this afternoon, and the above arrangement has been made in order to accommodate those who care to call for their mail.

N. H. INGERSOLL, P. M.

REGARDLESS of his ambition to die poor Andrew Carnegie is still the heaviest personal tax payer in New York City.

THE Crookston Journal thinks the good women of Cass Lake will soon be having a lot of money owing to the formation of the anti-treating society there.

"WHEN the days begin to lengthen the cold begins to strengthen," is an old proverb that can be relied on, judging from present conditions with the thermometer fooling around the 30 mark.

IN April, 1904, a mysterious and cold blooded crime was committed in Beltrami county, at which time N. O. Dahl and his daughter were killed. Several men were arrested for the crime but no evidence could be secured to convict. A sensation is now created by the arrest of two men, Geo. Cyr and Paul Fournier, who the county attorney seems to think there is no doubt are the real criminals. The murder caused a sensation throughout the state and northwest.

A GRAND FORKS man returned home one evening recently and on his plate at the supper table was a letter containing the information that he had fallen heir to a fortune of \$50,000 in cash and an annual income of \$32,000 from an old estate in Scotland and South Africa, and to back it up was a check for \$25,000. The man was surprised, naturally, and the event has caused such a profound sensation that all his neighbors are now looking for letters from their long ago forgotten relatives, or their attorneys.

THE weather clerk seems to be in league with the egg merchant. Just as the mild weather had commenced to have an effect on the market along comes another cold wave and discourages the hen who at once ceases to do her duty and the merchant boosts the price. The man who makes a business of raising poultry and supplying the market with eggs and is prepared to keep his hens in a warm house during the cold snaps so that they will keep up the egg laying business after a fashion during the winter months has a bonanza, for there are people who will buy hen fruit if it does cost from 35 to 40 cents a dozen and a guarantee for freshness is furnished, but a majority of the people are from Missouri.

LOCAL NEWS NOTES.

J. H. Keppel, of Fostoria, Minn., was in the city last night.

Sheriff Riddell, of Walker, was in the city today on business.

H. H. Tanner, of Little Falls, was in the city today on business.

Miss Winnie Warren, of Garrison, is visiting friends in the city.

Thos. H. Beare, of this city, went to Minneapolis today on business.

Brainerd's new mayor is Wise—R. R., the hotel man.—St. Paul Daily News.

F. S. Lyan, of the hotel Markham, of Bemidji, was in the city yesterday between trains.

T. M. Reilly has been re-appointed deputy oil inspector for Brainerd by Governor Johnson.

The fire department was called out this forenoon by a chimney fire on west Front street. No damage was done.

Work on the gymnasium at the Y. M. C. A. is progressing and a week will make a big change in the appearance of the building.

Orrie Hammond came home with a broken toe last Friday. He is under the care of the doctors at the N. P. Sanitarium.—Pillager Leader.

Rev. Wm. McKenzie, of Minneapolis, has been assigned to the Brainerd circuit of the Methodist Episcopal church and will make this city their future residence.

According to the Pillager Post the farmers of that vicinity will hold a meeting on January 26th at which time Parker Waite will lay a proposition before them of opening a cheese factory at that place.

No. 14 was over five hours late today and when it finally arrived it did not bring a single twin city paper. Those who buy of the news dealers are lucky these days as their papers come up the evening before on No. 9.

Notwithstanding three other dances, the theatre, two shows and other attractions, the Court of Honor drew a large attendance at their dance in Odd Fellows hall last Friday evening, the event being thoroughly enjoyed by those present.

Rev. Chas. Fox Davis made the round trip yesterday to Silver Creek, Minn., to attend the funeral of Mrs. Davis' father, Donald McKenzie. Mr. Davis had the hard drive of thirty miles in the day's trip, and he is pretty well fagged out today.

Mr. Louis Yager, superintendent of bridges and buildings for the St. Paul division of the N. P. R. R. has resigned his position, to take charge as engineer of building the great interstate bridge across St. Louis Bay in Duluth. His many friends in Brainerd will be very glad to hear of his promotion.

A crazy man made the rounds of the shops last week offering \$100 a day and board to machinists and half that amount to apprentices. Afterwards he was wandering through town constantly raising the schedule, when eventually taken in custody he had raised wages to \$100 a minute and incidentally.

THE DISPATCH is in receipt of a couple of postal cards from Cuba from James Hannaway. One represents the city hall at Santiago de Cuba and the other a cane cart in Cuba. They are brilliantly colored and are, of course, printed in Spanish. They bear the imprint of the Rotograph Co., N. Y. City (Germany).

Some people call coughing barking. I see no reason why they should do either one or the other and they never would if they would only get a bottle of Skauge's never cough, a medicine which never fails to break up the worst cold going. No cure, no pay. Skauge the Laurel street druggist guarantees it. 181tf

The Right Name

Mr. August Sherpe, the popular overseer of the poor, at Fort Madison, Ia., says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good, and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at H. P. Dunn & Co's drug store.

MEET WITH LITTLE SUCCESS.

Efforts of Railroads to Keep Lines Open in North Dakota.

Minneapolis, Jan. 21.—Reports still continue to come in from the snow-bound districts of North Dakota and each tells of the severe conditions which exist at the present time and have existed in that section for some time.

Railroads seem to be suffering continued trouble in their struggle to open up traffic on their lines, and despite the most strenuous efforts they are meeting with but little success. Trains at some places have not been seen for over a week, while at others a straggling, snow-covered locomotive arrives now and then.

Some of the towns on the Aneta branch of the Great Northern road are apparently deserted.

The farmers, perhaps are suffering more than any one else from the climatic conditions, which they say are the worst which have existed for years, and they are terribly worried over the fact that they are unable to ship their cattle to market.

At Cando things have become quite serious and supplies of certain necessities have long since been exhausted.

How to Cure Chills

"To enjoy freedom from chills," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at H. H. Dunn & Co's drug store.

BIG BLAZE AT FARGO.

Hundred and Fifty Thousand Dollar Fire Occurs.

Fargo, N. D., Jan. 17.—Damage to the extent of \$150,000 was done to the wholesale harness house of Bristol & Sweet. The block, which is one of the most prominent along Broadway, caught fire, presumably from the furnace. There were \$20,000 worth of goods ready for shipment, but orders had been delayed by blockaded roads.

Will Enriches Carleton College.

Boston, Jan. 21.—By the will of the late Mrs. Louisa J. Brown, probated here, \$5,000 is given to Carleton college, Northfield, Minn. Dr. J. W. Strong, former president of the college, is to derive the benefit of the fund until his death, when it will revert to the trustees of the college. This endowment is to be known as the "Louisa J. Brown fund."

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

TRAINS ALL LATE

Passenger Trains are Badly Delayed by the Snow and Cold Weather on all Railroads

Because of the heavy snows and intense cold railroad traffic is badly tied up on the lines running into Brainerd. The Minnesota & International was an hour and a quarter late in arriving. No. 11, from Duluth, was an hour and a half late and No. 91, from St. Paul, was four hours late. The delay in the latter is reported to be because of shortage of equipment in St. Paul. Train after train it is said has been sent west only to become stalled or so badly delayed on the western lines of the system that there was no equipment in St. Paul today to send out for the run. This may not be the right solution, but it is the one reported among the railroad boys. Up to the time of going to press the only papers Brainerd has received have been the Duluth dailies.

BRUNS the eye man will be at the National hotel tomorrow and Thursday. If your eyes trouble, don't fail to consult him. Examination free.

A Correction

EDITOR DISPATCH—Kindly permit me to correct a mistake in your report of the closing scenes in the Towers' trial yesterday. I did not claim, and did not say that Towers is an insane man. On the contrary, I said that he was sane. What I wanted to say was, that Towers is suffering from the injuries received two weeks before the tragedy, and that, because of his present condition he is entitled to the consideration of the court—whether he was in a state of temporary insanity at the time of the shooting or not had nothing to do with the matter of fixing the sentence. I hoped that his honor might find some way, or make some suggestion, whereby Towers might receive the medical care and treatment which his present condition demands. He is undoubtedly curable, just as many other men we see daily, who are suffering from brain injuries, may be cured. In fact, in most such cases, such as are brought on by the excessive use of intoxicating liquors for instance—it is only a temporary affair. Let the cause alone and the man will recover easily. But the point I was making was that if Towers is still suffering from the blows, he is entitled to treatment—hence to the mercy of the court.

Yours,
W. A. FLEMING.

FOR KEEPING A DISORDERLY HOUSE

Julia Sylvester was Fined Seventy-Five Dollars for That Offense Today

AN INMATE WAS ALSO FINED Man From Staples Claimed to Have Lost \$100 in the Place Last Night

Julia Sylvester, 219 South Second street, was in municipal court this morning on a charge of keeping a disorderly house. The warrant was sworn out by Officer Henry Hurley, on the evidence of one Jack Kelly, of Staples, who claims he was touched for \$100 at that place last night. Kelly appealed to Officer Hurley for assistance to recover his money, but that proved to be impossible. However he was able to give such evidence as, corroborated by the testimony of Officer Hurley and Chief of Police McGivern as to the reputation of the place, was sufficient to convince Judge Albright who imposed a fine of \$75 or 60 days in jail.

Mary Sylvester, a daughter-in-law of the elder woman, was also arraigned on charge of being an inmate of a disorderly house and was found guilty and fined \$50 or 40 days in jail.

HENRY MOBERG CITED TO APPEAR

By City Council and Show Cause
Why Saloon License Should
Not be Revoked

THE VOTE WAS UNANIMOUS

Electric Current, Mahlum Bridge,
Waterworks and Other
Questions Considered

The event of the meeting at the city council Monday night was the presentation by City Attorney Polk, of a written report recommending that Henry Moberg be cited to appear before the council according to law to show cause why his saloon license should not be revoked. The resolution was unanimously adopted by the council.

When President Johnson called the city fathers to order Monday evening the following aldermen responded to roll call: Zakariasen, Drexler, Turcotte, Farrar, Fogelstrom and Baker.

After the minutes of the previous meeting had been read and approved the reports of city officers were called for. The clerk presented the financial statement for the month of December, which was accepted. City Attorney Polk then took the floor and presented a written report stating that on Christmas eve Henry Moberg sold liquor to five minors whose names were given and asked that his license be revoked.

Mr. Polk asked that in accordance with the laws of the state of Minnesota Mr. Moberg be cited to appear before the council and show cause why his license should not be revoked. When asked as to the age of the minors mentioned in the report Mr. Polk said their ages varied from eighteen to twenty years. Mayor Wise, who was present in the district court when the aforesaid minors had sworn to buying and being given liquor on the occasion specified, corroborated the statement of Mr. Polk.

Alderman Fogelstrom moved to refer the report of the city attorney to the committee on health, sewers and police for investigation. Attorney Polk, in his quiet way, persisted in his position that the matter was past the stage of investigation. That he and the mayor had both heard the evidence, he before the grand jury in the Holmblad case, and Mayor Wise in the district court and that the matter must come up before the entire council for action and that Mr. Moberg must appear before the council as a body and not before a committee. Alderman Fogelstrom's motion failed to receive a second. City Attorney Polk was requested to draw a resolution covering the case and while he was doing so the matter of selling to minors and permitting gambling was informally considered, Mayor Wise stating that the chief of police had been instructed to notify all saloon keepers that the law must be obeyed in these particulars. Mr. McGivern was called upon and stated that he had so informed the proprietors of each saloon. A member of the council suggested that printed notice be served on them, but Mayor Wise said that the serving of a second notice would only make them think that they had disobeyed one with impunity and could another. One notice was enough and if they did not obey it then they must take the consequences. An alderman brought up the case of two saloons where minors were said to be tending bar and asked if the fact that the minors were sons of the proprietors made any difference. City Attorney Polk said that it did not. The law was mandatory in that respect. Mayor Wise stated that this was news to him, but that he would see that it was stopped at once.

The clerk then read the necessary

resolution, and Alderman Drexler moved its adoption. Several members simultaneously seconded the motion.

Roll call resulted as follows:
Yeas—Zakariasen, Bouck, Drexler, Farrar, Fogelstrom, Baker and Pres. Johnson.

Nays—none.
The list of delinquent light consumers was read. In view of the fact that the superintendent of that department was busy with the repairs at the plant no action was taken regarding having lights cut off.

The street committee reported upon the proposed repairing of the Mahlum bridge on East Laurel street. Alderman Fogelstrom for that committee reported that the bridge could be repaired for \$1,500 and that the county had appropriated \$500 for these repairs. He advised the shortening of the bridge about 100 feet and filling in at both ends. After some discussion the matter was referred to the street committee with instructions to prepare specifications for repairs and report the matter back to the council.

A report was read from F. E. Cappelin, consulting engineer. The report was based on a minimum of 600,000 k. w. h. per annum, to be furnished in a run of 3,000 hours. This report showed an apparent small balance in favor of a producer gas plant, but that difference, Mr. Cappelin believed, evidently to be more apparent than real because he advised the council to contract for the current at the rate offered if possible in that it cut out possible contingencies and because the producer gas plants were not proving satisfactory under varying loads.

Mr. McKay presented a slightly modified proposition covering the question of power for water works. He stated that for the first 600,000 k. w. h. the company must have \$12,000 per annum to permit them to meet their fixed charges. On excess of that amount, when the excess was for pumping water, if the city owned the water works, and would erect a stand pipe so that the pumping could be done during the hours of lightest load, that is between midnight and morning, they would furnish current for pumping for one cent per k. w. h. For power, where consumption was in excess of 600,000 k. w. h. per annum they would furnish power to be supplied to motors of ten horse power or over at one and one-half cents per k. w. h.

Alderman Farrar stated that he was ready to proceed to act on the proposition but Alderman Fogelstrom was opposed to any action while his colleague was absent. He said the people of the Fourth ward were already charging that the council had been bought up by the Brainerd Hydro-Electric company and that if the council made the contract that each member would get a stake on the side. Mr. Bouck thought that if the citizens of the various wards understood the matter they would see that it was the wise thing to do. The city attorney was instructed to meet with the electric light committee and the Brainerd Hydro-Electric power company and prepare a contract embodying the proposition as agreed upon and present the same to the city council Monday evening, January 28 for action.

The special waterworks committee made a partial report recommending that the city ask legislation to permit bonding to buy or otherwise acquire waterworks. On motion the committee and the city attorney were requested to prepare such a bill and present it to the meeting of the council, January 28.

For any pain, from top to toe, from any cause, apply to Dr. Thomas' Electric Oil. Pain can't stay where it is used.

COMMITTEE.

A DENATURED ALCOHOL PLANT

Deputy Revenue Collector French
Believes One Would Pay Here
In Brainerd

RESTRICTIONS ARE NOT ONEROUS

Report that the Government has
Placed Unreasonable Restrictions
Denied

Deputy Revenue Collector E. G. French, of St. Cloud, who was in the city on official business a few days ago talked freely to a DISPATCH representative regarding the establishment of a denatured alcohol plant in Brainerd and towns of this size. He expressed his opinion that there was good money and a great future in that industry. A plant could be built, he said, at a cost of from \$1,000 as high as one cared to go.

He stated that the alcohol could be made from pumpkins, corn, roots, wood, potatoes or almost anything. The most expensive part of the process according to Mr. French, is the denaturing element. In other words the ingredient put in to prevent the alcohol being used in medicine and the manufacture of beverages. Wood alcohol, was, he said one of the commonly used substances and according to his understanding of the matter, in a place like Brainerd, where wood is accessible, the denaturing material could be made by the same plant.

The restrictions placed around the manufacture are not excessive or unreasonable, he says. The idea of a bonded warehouse is, what scares many, but a bonded warehouse, may be only a room six by eight feet if that was sufficient to accommodate the output. The government furnishes a man to inspect and brand and check up, in other words a gauger and store keeper without cost to the manufacturer. In fact there is not a cent of expense attached to the manufacturer so far as government regulations are concerned.

The object of the regulations placed around the manufacture and sale of the denatured alcohol is to prevent its sale to persons who will "re-denature" it, making straight alcohol and thus evading the internal revenue tax of \$1.10 per gallon.

Mr. French was unable to give any detailed information as to the cost of manufacture, etc., but said that there was certainly a great future for the industry and in cities where the wood for making wood alcohol was accessible the matter was certainly worth thorough investigation.

NATURE'S CATARRH CURE

Sensible and Scientific Way to Cure
this Disagreeable Disease.

Nearly everyone suffers at one time or another with catarrh.

The natural way to cure this disagreeable disease is by applying healing medications direct to the diseased spot.

In no other way can this be done as naturally as by the use of Hyomei, breathed through the neat pocket inhaler that comes with every outfit.

Put several drops of Hyomei in the inhaler and then for a few minutes, four or five times a day, let the air you breathe come through it. In that way all the air that enters the nasal passages the throat or the lungs, is filled with Hyomei's healing medication, reaching the most remote air cells of the respiratory organ, destroying all catarrh germs and soothing and healing the irritated mucous membrane.

A few days' use of Hyomei will show how quickly it relieves all catarrhal conditions, and you will not have to use it long before you find it has effected a complete and lasting cure.
So strong is H. P. Dunn & Co's. faith in the power of Hyomei to cure catarrhal troubles that with every dollar outfit they give a guarantee to refund the money unless the remedy gives satisfaction. They take all the responsibility and you cannot afford to suffer longer with catarrh when an offer like this is made to you.

Should extra bottles of Hyomei be needed they can be obtained for 50 cents making this one of the most economical as well as the most reliable remedies for catarrh that is known.

SERIOUS FIGHT IN PROGRESS.

Germans and Natives Engage in Battle in Southwest Africa.

Cape Town, Jan. 3.—A dispatch to the Cape Times from Port Nolloth says that the negotiations for peace between the Germans and the revolted natives in the southern part of German Southwest Africa were abruptly broken off and that serious fighting is now going on in the vicinity of Keetmanshoop. The rebels were said to be offering a stubborn resistance.

Carefully compounded and packed by machinery. Always good and always uniform. Hunt's perfect Baking Powder—made in Minneapolis.

AMUSEMENTS

"The Yankee Consul"

The theatrical event of the local season will be the coming engagement of the comic opera success "The Yankee Consul" which will be the attraction at the Brainerd opera house on Wednesday Jan. 23rd. The play was conceded by critics and the public alike to be the best comic opera that has been presented in a decade. Its humor is infectious and delicious, the dialogue witty and brilliant, while the music is the catchiest and most delightful that has been heard in many years. The play has scored an unprecedented success, having been presented for nine months in New York City, three months in Chicago, two months in Boston and one month in Philadelphia. The scenes are laid in Puerto Plata, San Domingo, a country giving many opportunities for the injection of local color and atmosphere. Briefly told, the plot concerns the doings of "Abijah Booze" the American consul in that country who becomes enamored of the daughter of a wealthy widow. The comedy is delicious and many song hits are introduced during the action of the play which is sumptuously staged in two acts. Manager John P. Slocum, who is directing the tour of this production has selected a splendid cast headed by Harry Short in the role of Abijah Booze, the American consul. The supporting company includes such talented artists as Wm. V. Strunz, I. B. Jefferson, Charles Jackson, James Brennan, Olga Kalneng, Isabel Carroll, Elaine Von Thiele, Margaret Flavin and others. The scenic investiture is magnificent. The chorus of forty pretty, graceful girls are handsomely costumed and an augmented orchestra are among the features. The production has been lavishly staged and no expense has been spared in the mounting of the play.

Wise Counsel From the South

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at H. P. Dunn & Co's drug store. Price 50c.

Farm, Home & Garden.

Short, pointed statements of methods and results in Crow Wing county are requested for this column. Address all communications to Farm Editor, Box 1516, Brainerd, Minn.

C. Larson, of the Iowa College of Agriculture has the following to say regarding unprofitable cows under the title, "Weed Out the Robbers."

There are more than a million cows in Iowa and they are valued at thirty millions of dollars. The average production of butter fat by each cow is only 140 pounds per year. The butter fat at twenty cents per pound would make the value of each cow's product of fat only \$28. Her skim milk and calf would bring her earning capacity to about \$38 per year.

As it is estimated that here in the Central West it costs about \$40 a year to keep a cow it will be seen that on an average there is very little profit in keeping any kind of a cow that does not produce more than the average Iowa cow now produces.

It has been proven that by proper breeding and selection the average cow can be made to yield between 400 and 500 pounds of butter fat per year. In order to find out how much a cow produces it is necessary to weigh her milk and take samples for fat determination.

If a cow does not produce 200 pounds of butter fat every year she should be disposed of, because she cannot be kept at a profit. Calves should not be raised from such cows, because their calves will be poor producers.

Orange Judd Farmer: During the winter water should always be warmed for dairy cattle. It pays for all kinds of live stock, but is especially desirable for cows producing milk. No cow can digest her food if she is compelled to drink ice water, a shrinkage of milk always results. There are many makes of tank heaters which can be utilized.

Doan's Regulets cure constipation without griping, nausea, nor any weakening effect. Ask your druggist for them. 25 cents per box.

TO STILLWATER

Henry Towers was Taken to the States Prison by Sheriff Erickson and Clerk Johnston Today

The last act in the Hagadorn tragedy took place today. In the crisp coldness of early morning Henry Towers was taken out of the county jail by Sheriff Erickson and accompanied by Clerk of the Court Johnston as a special deputy, they started for Stillwater. Ere this paper reaches the reader Mr. Towers will have donned the garb of a convict to serve weary years before he again sees the light of freedom. It is indeed doubtful if, at his age, he survives the term of imprisonment.

The DISPATCH will be delivered at your door for 40 cents per month.

The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

DEAD MAN ACCUSED

DEFALCATION CHARGED AGAINST
LATE CONGRESSMAN ADAMS
OF PENNSYLVANIA.

VALUABLE BONDS MISSING

SEVENTY THOUSAND DOLLARS' WORTH BELONGING TO AN ESTATE ARE GONE.

Philadelphia, Jan. 14.—The late Congressman Robert Adams, Jr., of this city, who committed suicide in Washington last year, was declared in the orphan's court to have been a defaulter to the amount of \$70,000. The assertion was made during an argument in surcharge proceedings brought against H. Carleton Adams, surviving executor and trustee of the estate of his father, Robert Adams, Sr., by his stepmother, Mrs. Robert Adams, Sr., and his stepfather, Mrs. Charles Moran of New York.

Counsel for H. Carleton Adams told the court he would show that Congressman Adams had appropriated to his own use \$70,000 worth of bonds belonging to the estate and to H. Carleton Adams. It was stated that the Congressman and H. Carleton Adams had keys to a safe deposit box in which the alleged missing bonds had been kept and that five years ago, H. Carleton Adams had discovered that Pennsylvania canal bonds were missing. He notified his brother and the matter was fixed up.

A broker testified that Congressman Adams had pledged Pennsylvania Canal Co. bonds valued at \$10,000 for a loan of \$2,500. Of the remaining bonds valued at about \$60,000 no trace has been found.

It is also claimed that a part of the accumulated income of his father's estate, of which Congressman Adams had charge, was unaccounted for.

In proof of his assertion the attorney for H. Carleton Adams produced in court a letter from the suicide congressman written the day he ended his life in which he said he was sorry he had caused a "mess," and urged that H. Carleton Adams be not held responsible for any securities that might be missed.

It is thought that counsel upon instruction of the court will be able to make a satisfactory agreement without further airing the affairs of the dead statesman.

BARS CONTRIBUTIONS

MEASURE IN SENATE PROHIBITS
POLITICAL DONATIONS BY
CORPORATIONS.

BILL IN HOUSE PROVIDES PENSIONS FOR ALL VETERANS OF INDIAN WAR.

St. Paul, Jan. 14.—Two bills to prohibit donations to political party committees or candidates by corporations were introduced in the senate. Senator J. T. McGowan of Minneapolis is the author of both bills, one of which confers certain powers upon the public examiner for the purpose of discovering whether such contributions have been made.

The first bill, after prohibiting donations by corporations in political campaigns, provides that the corporations shall certify to the public examiner on Feb. 1, 1908, and each succeeding year, that no money or other valuable consideration has been paid or used during the preceding year in violation of the provision of the act. Failure on the part of the corporations to make such reports to them conveys the right to bring an action in any court in the state until the report is filed.

The other bill authorizes the public examiner whenever he may deem it advisable, or on complaint of any citizen offering to pay one-half of the expenses of the examination, to examine the accounts of any domestic or foreign corporation or joint stock company doing business in the state, bearing upon the receipts and disbursements, and if in his opinion any of the disbursements are unlawful or detrimental to the interests of the people of this state he shall report such fact to the governor.

A bill providing for local option in counties containing no cities of over 10,000 inhabitants was introduced by Senator L. O. Thorpe of Willmar. It provides for elections to be held on the second Tuesday in March, when this question may be submitted to the voters of such counties.

A bill requiring the annual apportionment of the surplus among the policyholders by all mutual companies doing a life insurance business in this state was introduced by Senator F. R. Putnam of Blue Earth. The bill covers all companies on a mutual plan in which the policyholders are entitled to share in the profits and surplus.

Senator John Moonan of Waseca in-

roduced a bill authorizing the formation of companies for the purpose of mutual protection of the members against loss of life stock by death from disease, lightning, tornadoes, accidents and all other casualty or accidental cause on the mutual plan.

A bill giving a married woman full right to enter into contracts and to convey real estate the same as if she was unmarried was introduced by Senator G. P. Wilson of Minneapolis. She shall be bound by her contracts and be responsible for her debts and her property shall be liable for her debts and torts as if unmarried.

Senator Wilson also introduced a bill for the repeal of Section 2325 of the Revised Laws of 1905, which relate to joint conveyances by the husband and wife and requiring the husband to join his wife in conveying any real estate owned by the wife.

INDIAN WAR PENSIONS.

May Be Granted to All That Fought Against the Redskins.

Pensions for all participants in the defense against the Indian massacre between Aug. 15 and Sept. 15, 1862, are provided in a bill introduced in the house by F. B. Wright of Minneapolis. The last legislature provided pensions for all who received disabilities in those massacres. Under this law eighty-five applications have been allowed.

Mr. Wright's bill provides that any one who bore arms or rendered efficient aid in the suppression of the insurrection shall receive not to exceed \$12 per month during his natural life, counting from Jan. 1, 1905. The pension shall continue to the widow, if she was married to the applicant before 1885.

A mortgage registry tax bill was introduced in the house by F. E. Nimocks of Minneapolis. It makes the rate 50 cents per \$100 and becomes effective July 1, 1907.

A bill making provisions for pensions of firemen and relief in case of injuries was introduced in the house by R. H. Timberlake of Minneapolis. The bill is intended to apply to St. Paul, Minneapolis and Duluth. The bill requires the payment of a sum of not over \$40 per month to firemen who are at least fifty years old and have been in the service at least twenty years, provided they are not now members of the fire company. The same amount may be paid to any sick or disabled member when unfit for duty, and may also be paid to the widow or orphans of firemen.

The house passed the Cates resolution calling for a message from the governor on the county option question. There were some dissenting votes, but no roll call was taken.

The bill introduced by Senator J. C. Hardy and passed in the senate Monday providing a method to facili-

tate the selection of jurors in Ramsey and Hennepin counties, was passed by the house under suspension of the rules. The house amended the bill so as to include St. Louis county.

Itching, bleeding, protruding or blind piles yield to Doan's Ointment. Chronic cases soon relieved, finally cured. Druggists all sell it.

Harry Mitchell's EDITORIAL.

I have the largest, best equipped tailoring establishment in the world. My mail order department is run on scientific principles, and by my new system of self-measurement blanks I absolutely guarantee you as good a fit as if I took your measure in person.

I employ no agents. I deal with every customer direct. I want you to write me for samples, and for \$15.00, \$20.00 and \$25.00 I'll make you a suit or overcoat that your local tailor could not duplicate for \$30.00, \$35.00 and \$40.00, and your ready-made store couldn't give you for any price.

Write me a letter and tell me about the kind of clothes you have on your mind. Don't be afraid to ask questions. I employ a force of stenographers to do nothing else but help my customers.

No matter where you live, I'll guarantee satisfaction or return your money. I pay all express charges, so your clothes cost you no more than if you got them in Minneapolis.

Yours truly,

HARRY MITCHELL,
310 Nicollet Ave., Minneapolis, Minn.
